## What people Say:

### Melissa

I'm definitely going to read this a lot of times.

Edited to add: You can read the book's first chapter here!

### Nilufer Ozmekik

No need to talk about the elephant in the room. It is so obvious that I didn't enjoy the first book and I didn't foresee my request would be accepted but one morning I checked my library and here we go I got this sequel and I firstly admit, WHAT AN ARTISTIC, AMAZING COVER reflects book's darkness approach to the fairytales.

And you know what! I surprisingly enjoyed this one more. I still went back and forth between 3 and 4 stars but 3.5 rounded up again to 4. And another interesting fact during

No need to talk about the elephant in the room. It is so obvious that I didn't enjoy the first book and I didn't foresee my request would be accepted but one morning I checked my library and here we go I got this sequel and I firstly admit, WHAT AN ARTISTIC, AMAZING COVER reflects book's darkness approach to the fairytales.

And you know what! I surprisingly enjoyed this one more. I still went back and forth between 3 and 4

stars but 3.5 rounded up again to 4. And another interesting fact during my read: I honestly wanted this book a little bit longer. Of course instead of getting lost at the horrifying labyrinth of Hazel Wood, focusing on dark fairytales was great move of the author.

## CONS

I still have problems about Alice's complex, unbalanced, weird character development and her indecisive relationship with Finch. (Actually at this book their relationship named to something but I don't know if I like this definition or hate it.)

## PROS

The author's remarkable evil genius capacity to see the dark side of the stories and twist the entire fairy tales we'd been told when were children, are fantastic and too much creepy way of unique story-telling.

## OVERALL

This is not my favorite series. I still have trouble for the direction of the story and progression of the characters' stories. But I enjoyed the writing and the author's creativity and braveness to bring out more darkness and wilder elements into equation and form a satisfying retelling of well-known fairy tales universe. And of course this book is sooo sooo and sooo much better than the first one. So this half cup of my Chardonnay and I know the author has full capacity pour more wine to my cup to fill it completely.

## Chelsea Humphrey

I love being back in this world. If you thought

was dark, just wait until you jump into

. This sequel kept all the things I loved about the first book, and brought in a bunch of new

I love being back in this world. If you thought

was dark, just wait until you jump into

. This sequel kept all the things I loved about the first book, and brought in a bunch of new characters and plot sequences that kept this follow up feeling funky fresh. I rarely enjoy sequels as much as their original counterpart, but I may have loved this second novel set in the Hinterland even more than the first.
