What people Say:

Archit Ojha

One of the books I would recommend to thriller fans.

Scott, a drug dealer. Angela is a drug dealer's daughter. They want to get out of this bad-bad world.

Scott and Angela give you a great time telling their versions.

In one way, I enjoyed knowing about the routine of people involved with drug business. It was entertaining and new for my taste.

Scott gets an opportunity to come out of it, will he leave the path and go for what his heart speaks?

When I was first offered The Elephant Tree for review, I didn't quite know what to think. I really liked the cover and I thought it might be interesting but that's about it. Then I started reading and it's mostly about drug dealers and that's not really up my alley given my prudish upbringing.

Turns out, I'm really glad I read it.

The Elephant Tree is Ronald's debut and I have to say I'm really impressed. That's not to say this was a perfect book. It is a little disjointed in parts and some of the

When I was first offered The Elephant Tree for review, I didn't quite know what to think. I really liked the cover and I thought it might be interesting but that's about it. Then I started reading and it's mostly about drug dealers and that's not really up my alley given my prudish upbringing.

Turns out, I'm really glad I read it.

The Elephant Tree is Ronald's debut and I have to say I'm really impressed. That's not to say this was a perfect book. It is a little disjointed in parts and some of the foreshadowing/set-up is a little confusing and the blurb on the back is kind of misleading. It talks about a character that has maybe 5 pages total involvement as if he's a main character.

Other than that, I was really attached to the actual main characters, Scott and Angela, and the plot definitely threw me for some loops. Scott is a drug dealer with bigger plans, but stuck in a rut and Angela is a drug dealer's daughter who's lived with it all her life. They both want more from life, but don't quite know how to get there.

The majority of the book, we follow Scott around through his life. He smokes weed, smokes a cigarette, drinks a pint, smokes more weed, rinse and repeat. This goes on for quite a while and I hate to bring up another negative point, because I really did like this book, but it was a bit ridiculous how much of a focus this book has on the above. Then again, that's a culture I'm completely unaware of and I have to admit it gives you a good sense of the lives of these characters and what they revolve around.

Scott has always been talking about leaving the drug dealing life and moving up and finally he's offered a chance to do just that. His friend Twinkle (nickname) has an "easy" job lined up and it would make them a lot of money. Of course this gets them in with a boss in town and that kind of relationship is not too easy to break.

The Elephant Tree is definitely worth the read. There are great characters, a great plot, and everything just fits together in a great timeline with a great pace.

The Elephant Tree is a story of a man trying to escape from his own tedious life, initially seeming unconcerned by committing illegal acts, but when presented with the consequences and potential repercussions of some more serious circumstances, forced to question who he is and what he really believes in. A pretty dark and challenging book, but equally as exciting and rewarding.

The book itself is semi-lengthy, easy to read and cleverly written from three different POVs. Those POVs allowed me to

The Elephant Tree is a story of a man trying to escape from his own tedious life, initially seeming unconcerned by committing illegal acts, but when presented with the consequences and potential repercussions of some more serious circumstances, forced to question who he is and what he really

believes in. A pretty dark and challenging book, but equally as exciting and rewarding.

The book itself is semi-lengthy, easy to read and cleverly written from three different POVs. Those POVs allowed me to really get a feel for the life and mentality of each of the central characters. Detective Fallon, Angela and Scott were all memorable and I found myself empathizing with the miscreants, Scott and Angela. The Elephant Tree is an entertaining criminological thriller that kept me fully engaged. I really enjoyed it and believe others who like dark, suspenseful and psychological stories will as well.

Julie Barrett

The Elephant Tree by R. D. Ronald

Book starts out with a team of Scott and Neil supplying drugs to the local folks at the clubs they frequent.

They make quite a profit but Scott wants a quieter life so he agrees to try a different venture to gain big money quick.

Scott's brother Jack has warned him to stay away from the guys he's been hanging out with...

Angela-once dated Jack years ago has now found Scott and their lives mesh with one another.

Things don't go according to plan on the venture but
